INTRODUCTION

How do I find out about my social security benefits and what is the phone number? How can I find out what services are available for my parents? What resources are available for caregivers? The answers to these and many other questions can be found in this directory.

The Resource Directory of Services for Older Adults and Individuals with Disabilities, prepared by the Chesterfield Council on Aging, is intended for a wide audience, including older adults, individuals with disabilities, their families, caregivers, health professionals, providers of social services and others who have a special interest in the field of aging.

First published in 2002, it has become the comprehensive listing of services for older adults and adults with disabilities in Chesterfield County. It is widely distributed to area senior organizations, senior centers, libraries, medical offices, Chesterfield County departments and area hospitals.

Chesterfield County residents can also request a copy by mail. This valuable resource supports the mission of the Chesterfield Council on Aging, which is “to enhance the quality of life for older adults and adults with disabilities through education, advocacy and community service.”

The directory contains the names, addresses, telephone numbers (toll free whenever possible) and websites of organizations that offer health information, legal aid, educational opportunities, social services, consumer advice, or other assistance.

We have included profit and not-for-profit agencies, professional societies, private groups and voluntary programs. These organizations provide services to adults and their families. We have tried to include as many groups as possible. ***Please keep in mind that the Chesterfield Council on Aging does not recommend or endorse specific organizations.***

Following the introduction, local county agencies are listed, and their services described. Other resources are arranged alphabetically by category in the table of contents.

Every effort has been made to include accurate information. Because this type of information is subject to change, we encourage you to update telephone numbers and addresses periodically.

The Chesterfield County Sheriff's Office brings resources to our community by providing the following community service programs:

- **SENIORS IN TOUCH PROGRAM:** There are many seniors in our community that live alone and have no family in the area. The Chesterfield County Sheriff's Office Seniors in touch Program pairs deputies with qualifying county seniors to monitor their personal safety and well-being. Seniors receive visits and phone calls from Sheriff's Office personnel for updates on daily events, health concerns and personal needs. The program provides family members living out of the area the comfort of knowing someone is checking on their family member.
- **FILE OF LIFE:** The Sheriff's Office provides resource cards for this safety program to members of the community during various community service events. The File of Life Program provides a card and decal with medication information that is held inside a magnetic red vinyl sleeve marked File of Life which the user posts on the refrigerator or on the inside of their front door to aid first responders in saving their lives in the event of an emergency.
- **YELLOW DOT PROGRAM:** The Sheriff's Office provides resource decals for this safety program to community members during various community events. The program is designed to save valuable time in the event of a medical related incident. A reflective yellow decal is placed on a vehicle's window and a medical information sheet is placed in the glove box to help first responders in the event of an emergency.
- **SAFE EXCHANGE ZONE:** The Chesterfield County Sheriff's Office Safe Exchange Zone located at 9500 Courthouse Road, Chesterfield, VA 23832 is a designated area that can be used to conduct goods or custody exchanges in a safe area monitored by 24/7 video surveillance.
