

WELCOME

So you think you're ready to be a real-life small group leader?

We want to see students develop a BIG, authentic kind of faith. It's a BIG challenge, but we believe it can happen through something SMALL. . . You—the small group leader! We believe we can help students cultivate authentic faith through leading small.

When we lead small, we realize that what we do for a few will always have more potential than what we do for many. When we lead small, we simply make a choice to invest strategically in the lives of a few (your small group) over time so that we can help them build an authentic faith. That's what being a small group leader is all about!

THE WIN

As a small group leader, you win when students have meaningful interactions, both inside and outside of small group, that influence their faith in Jesus and deepen their relationships with others.

JOB DESCRIPTION

What exactly IS a small group leader? A friend? A parent? A coach? A teacher? Here's what we define as a small group leader: A small group leader is anyone who chooses to invest in the lives of a few to encourage authentic faith. Every SGL should do five things:

- **Be Present:** Connect students' faith to a community by showing up predictably, mentally, and randomly.
- **Create a Safe Place:** Clarify students' faith as they grow by leading the group, respecting the process, and guarding the heart.
- **Partner with Parents:** Nurture an everyday faith by cueing the parent, honoring the parent, and reinforcing the family.
- **Make it Personal:** Inspire students' faith through your example by living in community, setting priorities, and being real.
- **Move Them Out:** Engage students' faith in a bigger story by moving them to someone else, moving them to be the church, and moving them to what's next.
